

FEEDBACK NETWORK:

Mass Distribution

Email Date: May 28, 2013

SUBJECT LINE: Feedback Request – State Health Care Innovation Planning (SHCIP)

This email is being sent on behalf of Karen Merrikin, State Health Care Innovation Planning Project Director.

Last week, Health Care Authority Director Dorothy Teeter wrote to you, inviting your participation in collaborative State Health Care Innovation Planning (SHCIP). The response was exceptional and our project staff are categorizing and organizing the comments submitted. *Thank you!* The actions we need next:

- *Today:* If you have not already signed up to provide feedback on a regular basis and want to do so, it is essential that you communicate your interest to simquestions@hca.wa.gov this week. Participation in our SHCIP Feedback Network is the primary way to receive *all* of our requests for feedback. If you signed up last week, you do not need to sign up again.
- *Also Today:* I've attached a draft vision statement and draft aims for the State Health Care Innovation Plan and seek your feedback. Read the draft and let us know broadly what you like, dislike, and/or high-level suggestions for improvement by emailing simquestions@hca.wa.gov. Please keep in mind this is draft language and it will evolve over time based upon the collaborative statewide discussion.
- *Later this week:* Watch for an announcement introducing State Health Care Innovation Planning webinars and the SCHIP webpages intended to share updates about innovation planning and solicit your valuable feedback throughout the planning process.

Finally, this email has been sent to Health Care Authority stakeholders, health leaders, and others who have expressed an interest in health care innovation planning in Washington State. If you know others who may be interested, please feel free to forward this email to them as their participation is also welcome.

Send your contact information and thoughts to our project help desk at simquestions@hca.wa.gov. What you think matters.

Thank you,

Karen Merrikin
Project Director
State Health Care Innovation Plan (SHCIP)
